PHILADELPHIA TAKES FIRST GAME FROM CHICAGO

Wins By Score of 4 to 1---Overall Is Batted Out of the Box and Is Replaced By McIntyre in Fourth Inning.

By Associated Press.
PHILADELPHIA, Oct. 17.—In the first game of the series for the world's championship between the Chicago Cubs and the local American league team, the latter were easy winners by a score of 4 to 1. Bender, who did the twirling for the home team, was never in better form until the eighth inning, when the visitors scored one run on two hits. They had made only one single and that in the first inning, by Schulte. The chief also struck out eight of the Chicago batsmen.

Overall, who started in to pitch for the cubs, was taken out of the game at the end of the third inning, after the Athletics had made six hits and scored three of their runs. McIntyre, who succeeded him, held the locals down until the eighth inning, when a base on balls and a wild throw by McIntyre on Baker's double against the right field fence scored another run. The fielding of the Athletics was without a flaw until the final inning, when Thomas dropped Tinker's little foul

pop and struck Litter and fumbled the same player's grounder to center. The Chicago team also fielded well but was powerless before Bender's superb pitching.

DETECTIVES ARE SEARCHING FOR MEN LEFT DYNAMITE

By Associated Press.
SAN FRANCISCO, Oct. 17.—Detectives today are searching for the men who left nine boxes of dynamite in a vacant house in Nineteenth avenue, where it was discovered yesterday. The men who rented the house did not occupy it and were seen taking the stuff there, afterward carrying a heavy suitcase away. They are said to answer the description of the men who brought the giant powder at the mill. The house is near the shore where the Kate was visited by the launch Pastime, which conveyed the dynamite from the factory.

WANT TO VOTE? GET REGISTERED RIGHT AWAY

ONLY THREE DAYS REMAIN AND THEN BIG BOOK WILL CLOSE

If the man who desires to vote for his favorite candidate at the November election, doesn't get his name, age and previous condition down in Judge Atkinson's big book before Thursday of this week, he will be turned down on election day. He will not be allowed to vote under any circumstances.

There are no ifs and ands in this matter. It is a plain, simple truth that in order to vote a man must register. He may not content himself by saying that he was registered two years ago or for the city election or for the school election or the primaries. That makes no difference. He must be registered for the general election in November.

It makes no difference if a man has voted ever since he came of age in this state. He must register.

There are only three days left—Tuesday, Wednesday and Thursday. Then there will be no more chances to register.

TORNADO IN CUBA CAUSES MANY DEATHS

By Associated Press.
HAVANA, Oct. 17.—A tornado which struck Cuba yesterday is increasing in violence, and has attained a velocity which is appalling. The custom house warehouses here are flooded and the roof of the main building has been blown away. Heavy loss of life is reported from many districts, and the town of Ratabano is many feet under water. A great number of sailors and longshoremen have been drowned in the harbor of Ragli. The greatest damage done so far as now known was at Pinar Del Rio, where the storm of Friday and Saturday caused such heavy losses in sugar and tobacco.

DIVORCEE HAS FORSAKEN RENO FOR BALTIMORE

**MRS. McKIM, WHO WAS REPORT-
ED ENGAGED TO RAY BAKER,
RETURNS EAST**

Back, back, back, to Baltimore, went Mrs. McKim on No. 2 last night. That is, she started for the dear old Maryland town; she won't arrive until about next Thursday, says the Reno Journal.

Ray Baker was there at the train to see her off and put the baggage aboard, and waved a fond farewell to the stateroom window where Mrs. McKim fluttered a handkerchief.

Mrs. McKim didn't seem to want to see newspaper men. No, indeed, she seemed to prefer to be left alone to shake hands and talk to her dog, which was placed in the baggage car.

Ray, staggering under a collection of handbags, suitcases, portmanteaus and grips that would make a French prima donna's entrance into the port of New York look like the return of Corporal Rags in Coxe's army, was very busy.

"Are you going out tonight?" he was asked.

"Yes," he answered. "To Tonopah," he added savagely, as though it gave him some comfort.

"Is Mrs. McKim going to New York?" was hazarded next.

"No, through to Baltimore," was the rejoinder.

"Is her cottage for sale or for rent?" was the last query.

No again, and this time emphatically, as much so as to say, "she'll be coming back to this, her residence, before long."

About that time the Limited hove in sight and Mrs. McKim and her companion clambered aboard. Ray hoped in too, with the heaviest of the grips, and jumped off as the train was pulling out.

BURRO ON TRACK CAUSES FATAL WRECK

By Associated Press.
ROSWELL, N. M., Oct. 16.—One man was killed and another badly injured when Santa Fe passenger train No. 113 ran into a burro at Greenfield, 20 miles south of here, last night, and was wrecked.

The animal went under the pilot, derailing the engine, which turned completely over. Escaping steam scalded to death Fireman J. H. Sauter. Engineer A. Archey was badly bruised and scalded, but will live. The mail and baggage cars turned over, the latter telescoping the smoking car. One other car left the track. No passengers were injured.

J. J. Mullen returned yesterday from Big Pine, Cal., where he spent a week with Tom Kendall and Billy Douglas in an effort to capture a few deer. The balance of the party will return tomorrow.

FEAR THAT CAYMAN IS LEVELLED BY CYCLONE

By Associated Press.
KINGSTON, Jamaica, Oct. 16.—Fears are entertained that Cayman has been devastated by the storm that has passed over the West Indies during the last 48 hours. The steamer Prinzettel Friederich which arrived here today, reports that for 24 hours after leaving Havana the wind blew at the rate of 80 miles an hour. The storm came up from the northeast and must have swept over the Caymans, which have suffered greatly in previous hurricanes.

PICTURES AT BUTLER THEATRE ARE VERY GOOD

**PROGRAM FOR THIS EVENING
CONTAINS REAL WESTERN
FILM**

The program of the Butler theatre for today is one that embraces a variety of subjects. "Zoological Gardens of Antwerp, Germany," is a picture that cannot be excelled for brilliant photography. Many interesting animals and birds are shown, most of them in motion, which adds greatly to their attractiveness. "Who Is Boss" is a rough house comedy, offering a new version of the old mother-in-law joke. "The Appeal of the Prairie" is another of those western dramas that have become so popular of late. It tells graphically and convincingly the oft-repeated story that it is impossible to overcome the tendencies of a race except through generations of training. "The Three of Them" is a beautiful Vitagraph drama in which a childless couple are portrayed. The husband finally consents to have a child brought from the institute on trial for two weeks. When the time is up the couple have become so attached to him that they decide to adopt him and keep him forever. There is a pathetic strain running throughout the story, and there is no doubt but what it will appeal to almost everyone.

PECULIAR DEATH OCCURS AT WELLS

Last week Henry Schley of Wells was found with his head hanging over a rope, nearly dead from suffocation. He had been employed at the Western Pacific depot at Wells for a short time. Near the depot platform was a telegraph pole. Attached to the pole was a rope, the ends being attached to the same spike. Children had used the loop thus formed as a sort of swing. In the loop of the swing Schley was found lying nearly dead. He was taken to the Elko hospital but died soon after being admitted. The position in which he was found with hands touching the ground, would look as though he must have been playing with the swing and had fallen, striking upon the windpipe, producing unconsciousness from which he did not rouse sufficiently to raise himself from the position in which he was found. He was about 18 years of age.—Elko Free Press.

STANLEY KETCHEL DEAD; ASSASSIN UNDER ARREST

Middle Weight Champion of the World Succumbs to Assassin's Bullet---The Trouble Over Insulting a Woman.

SPRINGFIELD, Mo., Oct. 16.—Stanley Ketchel, the middleweight champion pugilist of the world, died here tonight at 7:05 o'clock, as a result of being shot early today by Walter A. Hurtz, ranch hand.

The shooting took place on the ranch of R. P. Dickerson, a friend of Ketchel's, 40 miles east of here. An hour before he died, Ketchel regained consciousness, but his condition soon took a decided change for the worse.

The pugilist died in the Springfield hospital, to which he had been rushed from Conway on a special train, chartered by Dickerson, and three physicians were in attendance.

Out in the heavily-wooded hills east of here, Hurtz, Ketchel's slayer, heavily armed, is fleeing before a pack of bloodhounds and a posse of officers and citizens. Dickerson has placed a price of \$500 on the dead body of Hurtz.

The trouble between Ketchel and Hurtz is said to have started when the pugilist upbraided the ranch hand for beating a horse. The incident took place yesterday. Ketchel had come down to the ranch, adjoining one he recently purchased, to spend a few days. Hurtz thought Ketchel was going beyond the province of a visitor in taking him to task for the abuse of the animal.

Mrs. Smith, in a statement tonight, assigned another cause for the shooting.

"While I was working in the house yesterday," she said, "Ketchel insulted me. I became angry. He was greatly wrought up over the incident and pleaded with me not to say anything to Hurtz about our conversation. He said he would give me the best team of horses on the farm if I would keep quiet. I made him no promise."

"When Hurtz came home I told him what Ketchel had said to me. He was very angry. I think that is what caused him to kill Ketchel."

PICTURE ORE IS ENCOUNTERED AT ATWOOD MINE

**FRANK EVERETT ARRIVES AND
EXHIBITS SPECIMENS OF
COPPER ROCK**

Frank Everett, who is operating the Wagner Azurite Copper mines group of claims in the Atwood district, came in from the north yesterday and departed on the noon train for Goldfield, where he will spend a few days before returning to the scene of operations. Mr. Everett brought in a glowing report of the late developments in the main tunnel on this property, which is now in 500 feet. The late progress has resulted in a number of seams being encountered which average high in copper, gold and silver. While it is nearly impossible to secure an average assay, Mr. Everett estimates that the ore will run between \$40 and \$80 to the ton. He expects to encounter the main ledge, which shows up on the surface, within the next 50 or 100 feet.

The new air compressor, ordered some time ago, has arrived and is being installed. Mr. Everett has also started laying a pipe line which will convey water from a spring 8000 feet away to the mine.

Try a Bonanza want ad

Walter A. Hurtz, who shot and killed Stanley Ketchel, world's middleweight champion, early yesterday morning, was captured today at the home of Thomas Haggard, one mile from Niangua, Mo. Hurtz was removed to the Webster county jail at Marshfield, where he is being closely guarded.

After being placed in his cell the prisoner made a confession, in which he declared he shot Ketchel in self defense. He says he ordered the prizefighter to throw up his hands and when Ketchel did not obey him, he fired.

Late last night, overcome with hunger and fatigue from fleeing through the rough Ozark country, he went to the home of Haggard, where he applied for something to eat and a place to sleep. He was given food and a bed. At that time Haggard had not heard of the killing but a short time later learned of the affair. He also received a description of the slayer and for several hours, while Hurtz was sleeping, he stood guard with a shotgun.

Shortly after 4 o'clock this morning, Haggard secured the services of three neighbors and they awakened Hurtz at the point of a gun. They forced the man to roll up his sleeves and, finding a tattoo mark there corresponding to the one in the description, accused him of having killed Ketchel. The man then broke down and admitted the shooting. Later he was turned over to the officers and taken to the jail at Marshfield.

Hurtz, in telling the story of the shooting, asserts that Ketchel made insulting remarks to Goldie Smith, a cook employed at the farm. He says words passed between Ketchel and himself and he then demanded that the pugilist throw up his hands. When the champion refused to do this, he declared he was so frightened, knowing Ketchel carried a revolver, that he fired and without fully realizing what he had done, fled.
